Dear Monarch High School Staff, Parents, Guardians, and Students:

I'd like to introduce you to Monarch's Coyote Student Credit Union, an exciting new addition to our business program at Monarch High School. In addition to providing quality financial services to students, the student credit union will provide a unique opportunity to teach the importance of making good financial decisions and planning.

The Coyote Student Credit Union will offer an opportunity to experience personal finance in a safe, secure environment. Hands-on participation in this program will teach valuable money management skills. Students will benefit from the program as they discover the importance of saving for the future as well as maintaining and establishing a checking account and learning how to manage and use credit cards wisely – before they begin their college and/or real-world experience after their graduation from high school.

The Coyote Student Credit Union is partnered with the Boulder Valley Credit Union which was chartered for the Boulder Valley School District Faculty 51 years ago. Their long-term experience with our schools and their dedication to student education has been invaluable as our business partnership was formed.

A key ingredient for the success of this program includes student participation as well as parent involvement. This provides an excellent opportunity for our students to learn valuable skills that will last a lifetime. We hope you'll take advantage of the Coyote Student Credit Union. By working together, we can maximize the educational benefits of this exceptional new program.

If you have any questions about this program, please contact our Business teacher, Mr. Rudy Sumpter at rudy.sumpter@bvsd.org.

Regards,

Jerry Anderson, PhD
Principal
